Dear Tamanirarama

TERMINATION OF SCHOLARSHIP AWARD – USP STUDIES

The central purpose of a scholarship is to assist a student in the pursuit of higher learning, the discovery of new knowledge through scholarly research, and the transmission of knowledge and learning to Fiji's development at large. This is dependent on maintaining an appropriate sense of order that allows a student to develop in an environment that is both safe and free of disruption.

It has come to our attention that you have been associating yourself in political agendas without taking into consideration your obligation with the Ministry of iTaukei Affairs (MTA) which is to pursue the BCommerce (Hotel Management) and as per clause 5 of your award letter you are required to *abide by your institution's rules and regulations*. MTA has zero tolerance level of behavior that contravenes the above, both on and off campus. Therefore MTA reserves the right to terminate your scholarship if a report is received from your institutes, or from a law enforcement agency concerning a breach of regulation.

After much consideration you are being advised that your award for Bachelor of Commerce programme has been terminated with effect from Semester 1, 2014. The University of the South Pacific is being advised of the termination through a copy of this letter for their necessary adjustments in your student account.

You are also reminded that as per clause 5 of your bond agreement if your scholarship is terminated due to your own negligence and/or misconduct prior to the completion of your studies will result in the implementation of the Bond recovery process in which you or your guarantors have to reimburse the Government through the Tertiary Scholarship and Loans Board the monetary value of the amount spent on your studies.

Sincerely

Mrs. Tavenisa Tofinga
Coordinator TSLB

Cc: The Vice Chancellor, USP
